## **ORDER**

The government has filed a motion for extension of time to file the status report as a result of the lapse in appropriations to the Department of Labor. The court grants the motion in part. An extension is granted until the earlier of: (i) 21 days from the date of this order; or (ii) fourteen days from the date Congress has restored appropriations. If Congress has not restored appropriations within 21 days from the date of this order, the government may file a motion for further extension stating the reasons why it is necessary.
